

Kindermusik® for the young child

for the 5-7 year old

Using a small-group approach to music education, Kindermusik for the Young Child provides a pressure-free class where your child can develop a strong musical foundation by learning the concepts, language, notation, and vocabulary of music and its greatest composers.

The program is designed to prepare the young child who is eager for first experiences with musical symbols and instrument discovery but is not yet ready for formal lessons and traditional music reading with an instrument. Parents or caregivers are encouraged to attend the last 10-15 minutes of class. Taught by Carolyn Glaub.
